Memo to File:

Re: Trio Industries  
Sahara Claims 1-24  
& Bingo 1 Mines  
Emery County, Utah  
PENDING

On November 17, 1977, Jim Smith & Brian Buck found a mining operation in an unnamed draw in the NW/4, Sec. 14, T. 22 S., R. 14 E.. The operation consisted of an inactive incline and numerous pits and roadways all of which appeared to have been recently worked. The total operation appears to be over two (2) acres and should be covered by a filing. A letter will be sent to the posted operator:

Trio Industries

*It appears that this memo refers to the old Sahara portal that EFN uses for ventilation. The portal is secured with rebar and EFN has a test plot on the old waste dump.*
